live an ARTFUL life.™

Inspirations

We are inspired by the eternal rhythm of the waves, the views of the ocean and warm sunlight that draw us back year after year to the seashore.

Your environment and time with family and friends are your sanctuary and retreat. Our group of home accessories will enhance your lifestyle and we hope inspire you to live an ARTFUL life.™

Our Product Line

MMd's **exclusive** line of accessories is designed by Marion Murray to complement her home fabrics line, Marion Murray HOME. Marion worked extensively in the home furnishings industry for over 25 years and has an impeccable sense of style and taste. "I had to create more than a collection, but a lifestyle brand that is: clean, graphic, upbeat and carries with it a sense of humor and style."

Enrich your daily experience with lush and textured wovens, prints and embroideries. Feel the difference of our soft and supple fabrics made of all natural linens and cottons. Inspire your life with rich color and smile evoking patterns. "Color to me is the key to so many things we do, from who we are to what we put in our homes."

Change your mood and change your room décor with simple seasonal accessory changes. We design fully coordinated color palettes and collections so shopping and decorating are easy. Create a complete look with MMd's product line because the groups coordinate no matter where your inspiration takes you—simple and clean or bright and whimsical. We are here to lighten and brighten your world.
